

# Be...

## Be Observant

Look out for dead poultry, sick looking poultry, poultry off their food, signs of wild animals around site (dogs, cats, rodents). Report any suspicions to your manager.

## Be Safe

Avoid potential infection. Wash your hands and arms before eating, drinking, smoking, inserting contact lenses etc. Avoid hand-mouth and hand-eye contact. Cover all cuts and grazes.

## Be Sure

If you see any occurrences which could lead to potential infection, report them to your manager.
