

Idea Submission Policy

The process of submitting a creative idea, concept or suggestion to JohnsonDiversey can be a multiple step process. The first step in the process is to provide JohnsonDiversey with as much non-confidential information as you are comfortable providing so we can get a basic understanding of your idea. Following this initial review, if JohnsonDiversey is interested in learning more about this idea, we will contact you. At that time, we may then enter into an agreement to review additional information on a confidential basis.

However, to begin the first step and to submit a creative idea, concept, or suggestion to JohnsonDiversey regarding products and services, you must accept and send us a signed copy of our "Non-confidential Idea Submission Agreement," available on our "Contact Us" web page.

Once you complete this form with as much non-confidential information regarding your idea as you are comfortable providing, please send it to us by mail or e-mail as indicated below:
