**JOHNSONDIVERSEY'S  
USED PACKAGING COLLECTION SERVICE**

## JohnsonDiversey's Used Packaging Collection Service

JohnsonDiversey, Global Suppliers of World Class Solutions

The disposal of used packaging is coming under increased scrutiny from both local and European government, and the regulations surrounding control will only become stricter as time goes by. While companies and employees want to do their best by the environment, it can often seem too administrative, too time-consuming, and too expensive.

JohnsonDiversey and TDG recognise these problems and have pooled our resources to design the Used Packaging Collection Service (UPCS).

- Reliable
- Environmentally Responsible
- Competitive
- Simple

### RELIABLE

TDG have a proven track record working with JohnsonDiversey as our logistics provider. Together we offer a reliable, efficient and professional solution to your used packaging needs. Collections are regular and dependable, with the majority of collections being made within 8 days of the original request.

### ENVIRONMENTALLY RESPONSIBLE

JohnsonDiversey is committed to Responsible Solutions – our aim to provide the best practises, solutions and products, whilst having little or no effect on the environment. The UPCS reflects this commitment as all material collected by the service is either washed out and reused, or washed out and recycled.

### COMPETITIVE

Thanks to our Nominated Day delivery service, TDG vehicles are in your area on a weekly basis. By taking advantage of regular scheduling we are able to optimise the use of vehicles and the TDG network to ensure extremely competitive prices for the collection of 20 litre and 200 litre drums.

In addition, customers receiving deliveries direct from JohnsonDiversey will automatically benefit with free collection of JohnsonDiversey IBCs.

### SIMPLE

Creating a straight-forward format for collections keeps things easy for you and simple for us too. Whether you favour e-mail, telephone, or fax, the details required and the format used are always the same. If you do have any Used Packaging Collection Service queries, our collection line staff will give you all the assistance you require.

### COLLECTION SERVICE CRITERIA

To take advantage of the Used Packaging Collection Service, you must:

- Receive JohnsonDiversey deliveries via TDG
- Have registered as a Hazardous Waste Producer (not applicable to Scottish sites)

In order for us to safely collect 20L and 200L drums, containers must:

- Be wrapped securely to a non-Chep pallet
- Be correctly capped
- Display their original labels
- Be as empty as practicably possible

Failure to comply with these criteria may result in the collection being refused.
