

Integrated Sweeping System

An innovative sweeping system that incorporates a dust mop head with an integrated recovery pan for easy trash pick-up and emptying.

Value

- **Saves Time**
Reduces labor by capturing dirt and debris simultaneously. Operating time is reduced up to 35%.
- **Ease of Use**
Glides on flat surfaces and changes direction with ease.
- **Versatile**
Two tool sizes allow for the convenience of small and large cleaning applications. Disposable synthetic cloth fits both DuoClean™/MC tool sizes and works on most resilient and non-resilient floors.
- **Cost Effective**
The DuoClean™/MC sweeping system is a fraction of the cost of renting a dust mop head. The amount of time dedicated to the clean-up process is reduced, allowing for an increase in employee productivity.
- **Convenient**
Attached utility broom sweeps larger dirt particles and debris directly into the dust pan.

Applications

Dust mop system is designed to trap dust and pick up dirt in large and small settings. Ideal for a wide variety of customers including retail, food service, healthcare and facilities with large cafeteria and eating locations. Can be used in large and small facilities that are dealing with large dirt particles in addition to dust. Also recommended for facilities that use dust pans as part of their dusting and daily cleaning.

Ergonomic Design

DuoClean™/MC sweeping system eliminates the need to bend and pick up dirt and large particles from the floor. Reduces operator strain and fatigue.

Integrated Sweeping System

Specifications

Floor Tool Material: Polypropylene Structural Foam
 Tool Width: 24" or 48"
 Tool Weight: 3 pounds
 Non-Woven Cloth: Blended Polyester

Packaging

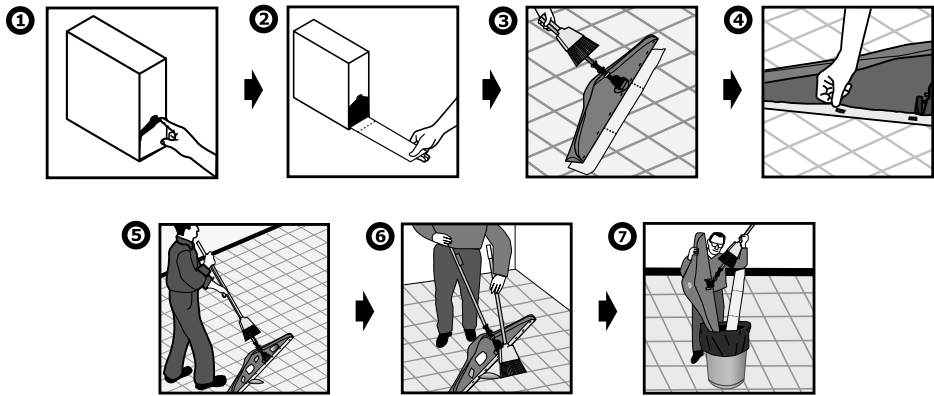

1 x 500 ft. DuoClean™/MC Cloth
 1 / DuoClean™/MC 24" Tool (Includes Broom)
 1 / DuoClean™/MC 48" Tool (Includes Broom)

Product Code
 4126751
 4126727
 4126743
