

# Product Information Sheet

## 3 WAY

### Description:

3 Way is an acid based general purpose washroom cleaner designed for the cleaning of acid resistant tiles, walls, shower recesses and fixtures. 3 Way is a all-in-1 cleaner, Commercial Grade Disinfectant and deodoriser.

### Features:

- 3 Way is a phosphoric acid based cleaner designed for washroom use
- Commercial Grade Disinfectant
- 3 Way loosens hard water scale, dissolves soap and body fat deposits, cleans, disinfects and deodorises
- Cleans all acid resistant surfaces in washroom
- Removes rust and mineral deposits in toilets and urinals

### Benefits:

- Combination of surfactants, disinfectant and acid gives an effective clean and disinfection of all acid resistant washroom surfaces
- Disinfects and deodorises as it cleans means 3 Way is able to cover all washroom cleaning needs
- No need to use a separate toilet and urinal cleaner
- 3 Way is safe to use on both stainless steel and porcelain

### Directions for Use:

#### Toilets and Urinal cleaning and disinfecting

1. Flush toilet or urinal
2. Decant 3 Way into a squeeze bottle and direct under rim of toilet bowl or onto urinal
3. Allow 3 Way to run under water
4. Use this solution and scrub areas in toilet or urinal
5. Flush toilet or urinal

#### General washroom cleaning

1. Dilute 3 Way 100mL per 500mL water for light to medium soil
2. Direct 3 Way onto surface
3. Scrub area with brush if required
4. Rinse surface with fresh water

#### Disinfection

1. As a disinfectant, use 3 Way neat
2. Apply to surface and leave for 10 minutes
