

# Product Information Sheet

## GO GETTER

### Description:

Go Getter is a phosphoric acid toilet cleaner for frequent use on stainless steel urinals and toilet bowls as well as porcelain toilet ware.

### Features:

- Commercial grade disinfectant
- Non Hazardous formula
- Removes scale and rust buildup
- Clings to vertical surfaces for extended contact and excellent penetration
- Safe on stainless steel, tiles surfaces and septic systems

### Benefits:

- A powerful disinfectant that kills a wide range of odour producing bacteria while cleaning
- Non Hazardous formula; ideal in the healthcare environment. Safer for users to handle
- Versatile; safe on all toilet ware

### Directions for Use:

#### Toilet Bowls

1. Flush toilet. Direct Go Getter under the rim of the bowl. Allow to run under the water.
2. Use this solution and scrub all areas in and around the bowl using a toilet brush.
3. Flush toilet.

#### Urinals

1. Flush urinal. Direct Go Getter onto the urinal, taking care to cover corners and areas where there are uric acid build ups.
2. Scrub area with a toilet brush.
3. Flush urinal.

Do not spray Go Getter.

Do not mix with detergent or other chemicals.
